INDEPENDENT AUDITORS' REPORT TO THE SHAREHOLDERS

Bahrain Aluminum Extrusion Company B.S.C. (c) Kingdom of Bahrain

Report on the consolidated financial statements

We have audited the accompanying consolidated financial statements of Bahrain Aluminium Extrusion Company BSC (c) ("the Company") and its subsidiary (together the "Group"), which comprise the consolidated statement of financial position as at 31 December 2014, the consolidated statements of profit and loss, comprehensive income, changes in equity and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Responsibility of the board of directors for the consolidated financial statements

The board of directors is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with International Financial Reporting Standards, and for such internal control as the board of directors determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at 31 December 2014, and its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with International Financial Reporting Standards.

Report on other regulatory requirements

As required by the Bahrain Commercial Companies Law, we report that:

- a) the Company has maintained proper accounting records and the consolidated financial statements are in agreement therewith;
- b) the financial information contained in the directors' report is consistent with the consolidated financial statements;
- c) we are not aware of any violations during the year of the Bahrain Commercial Companies Law or the terms of the Company's memorandum and articles of association that would have had a material adverse effect on the business of the Company or on its financial position; and
- d) satisfactory explanations and information have been provided to us by management in response to all our requests.
